This is all that I could find in my email records. We sent out an approval memo for the GB APCD PM2.5 plan on October 22, 2002.

The Final Plan Review went through Larry Biland. So you might want to ask Larry what other plans he may have looked at.

Chris - I prepared comments - however, they are waiting for Bob/Catherine to concur and send out a final memo. I forwarded your e-mail on to Bob to remind him.

Thanks for the reminder
